

Class: _____ Name: _____

Unit 4 Natural Disasters

* **Listen and write.**

A (TR 27)

- B** Hey, Joy. What did you do yesterday?
- G** Hi, Tyler. I watched a movie at home. It was very interesting.
- B** What was it about?
- G** It was about climate _____ and how it brought powerful natural disasters.
- B** Woah, what _____ in the movie?
- G** It starts with hurricanes and tornadoes. Then later, the world faces a sudden _____ where half of the world _____.
- B** Oh, no! What happens in the end?
- G** I can't tell you that. You should watch it _____.
- B** OK, what's the name of the movie?
- G** It's called *The Day After Tomorrow*. Why don't you watch it so we can talk more about it?
- B** Sounds fun! I'll watch it _____.

B (TR 28)

- G** Dan, did you hear the news about Guatemala?
- B** Hi, Sue. You're talking about the _____, right?
- G** Yeah, it's such terrible news.

- B** I know. Actually, my aunt and uncle live in Guatemala. I talked with them yesterday, and their house was _____.
- G** Oh, no! Are they OK?
- B** Yeah, they're OK. They stayed at a _____ until the hurricane went away.
- G** I'm glad to hear they're fine. It's awful about their house though. What will they do?
- B** They're _____ at a friend's house for now because there might be another hurricane later in the week.
- G** Oh, no.
- B** When that passes, they'll be able to _____ their house.
- G** I see. I hope _____ goes well.

C (TR 29)

- B** Are you working on the science assignment, Jenny?
- G1** Yeah, the one on _____ disasters.
- B** Which natural _____ are you working on?
- G1** I'm writing about tornadoes. Did you know _____ can have wind _____ over 400 km/h?
- B** I had no idea. That's faster than a race car!
- G1** Really? I didn't know that. What's your topic, James?
- B** Mine's on _____. Tsunami waves can reach up to 30 m above sea level.
- G1** How high is that?
- B** It's like an eight-story building.
- G1** That must be _____!
- B** What about you, Tiffany? What are you researching?

G2 I'm researching droughts. I found out some _____ lasted over 10 years.

B Ten years of drought? How awful!

D (TR 30)

W Hello. Today, I'm here to teach you about earthquake _____. In case of an earthquake, just remember three steps: drop, take cover, and hold on. First, drop down on your hands and knees. This way, you can move around _____ without falling down. Second, take cover to protect your body. Many earthquake _____ are caused by falling _____. Find shelter under something like a table or desk. If nothing is nearby, cover your head with your arms and hands. Lastly, hold on to your _____ or your head, and wait until the _____ stops. Just remember these three steps. Then, you'll be able to stay safe during an _____!
