READING CHEST

Track 8

Dear Diary,

July 15th

Today, I went on a tour of the zoo near our house. I learned a lot, and I helped the zookeepers. I watched them feed the animals, and I carried some of the food. Those animals eat a lot! It's hard work to feed them all.

The weather was extremely hot today. In fact, it was hot all week. Some of the animals got special snacks because of the heat. We made big ice cubes with fruit in the middle. Then, we gave the ice cubes to some of the animals. The polar bears got ice cubes with fish in the middle!

My favorite part of the zoo was the petting zoo. I gave baths to some of the pigs. Normally, they don't get baths, but the cold water made them happy.

Actually, some of the goats liked the water, too. They played with the water from the hose. I liked the petting zoo because I could get close to the animals. It was fun!
