Wonders of the World

The world is full of wonderful and amazing places. Some of these places are made by nature, and some of them are made by people. Here are some of the greatest wonders of our world.

8,848m

Mount Everest is the highest mountain in the world. It is 8,848 meters high, and it is located in Nepal. It is over 60 million years old.

The Nile is the longest river in the world. It is 6,853 kilometers long, and it is located in Africa. It flows through five countries: Uganda, Ethiopia, Sudan, Burundi, and Egypt.

The Great Barrier Reef is the largest coral reef system in the world. It is also the largest living structure. It is made up of around 2,900 coral reefs. The Great Barrier Reef is located in Australia.

The Great Wall of China is the longest man-made structure in the world. It is 21,196 kilometers long. It took thousands of years to build the wall.

Find Out and Say

1. What is the highest mountain in your country?
2. What is the longest river in your country?
3. What is the tallest building in your country?

Key Words

highest man-made
largest nature
longest wonders

Project

1. Choose a wonder of the world or a special place in your country and find information about it on the internet.
2. Go to page 1 in your Project Book.
3. Write a report on your findings.
4. Share your report with the class.
