

Hang Out! Placement Tests

Instructions

There are two versions of the test, A and B. Choose the test based on the assumed ability level of the student(s), based on age, for instance. Test A covers Books Starter to 3 (roughly Grades 1 to 3), and Test B covers Books 4 to 6 (Grades 4 to 6).

Each test has two main parts:

- (1) a written component (76 points) covering reading, listening, grammar, vocabulary, and writing; and
- (2) an interview-style component (24 points) that covers speaking, primarily.

After scoring the two components using the provided Answer Key, the test-taker will receive a mark out of 100, which can be interpreted as follows.

If the student takes **Placement Test A:**

| Student's Score | Recommendation |
|-----------------|-----------------------|
| 0 – 12 | Starter |
| 13 – 24 | Book 1 |
| 25 – 44 | Book 2 |
| 45 – 64 | Book 3 |
| 65+ | Take Placement Test B |

If the student takes **Placement Test B:**

| Student's Score | Recommendation |
|-----------------|-----------------------|
| 20 – 39 | Take Placement Test A |
| 25 – 44 | Book 4 |
| 40 – 64 | Book 5 |
| 65+ | Book 6 |
