► Read and choose.

Plants have many different parts. The three main parts are roots, stems, and leaves. They have different jobs.

Roots grow under the ground. They fix the plant to the soil. They \_\_\_\_\_ water from the soil. Many plants store food in their roots.

Stems grow above the ground. They help the plant stand upright. They carry water from the roots to the leaves.

Leaves grow on the stems and branches. They get energy from sunlight and make food for the plant. They also use air and water to make food.

13. Choose the correct word for the blank.

a make

b carry

c take in

14. What do leaves need to make food for the plant?

a sunlight, water, and air

b sunlight, water, and soil

c energy, air, and seeds

Katie and Tim have to write a report about a cactus. Katie searched for the information on the internet. Tim visited Mr. Homer's flower shop and asked about cactuses.

In the afternoon, they met to gather their findings. Katie said, "A cactus grows in the desert. It has spines instead of leaves. Its thick stem can store lots of water." Tim said, "Good work! I learned about how to grow a cactus. A cactus needs little water to grow. We must water it only when the soil dries out. Too much water can damage its roots." Katie said, "Excellent! Now let's write our report."

15. Where did Tim visit to learn about cactuses?
- ☐ a a library                      ☐ b a flower shop                      ☐ c a website
16. What is NOT true about a cactus?
- ☐ a It grows in the desert.  
☐ b It has spines.  
☐ c It has a thin stem.
17. What can happen when you water a cactus too much? Fill in the blank.  
→ Too much water can \_\_\_\_\_.

Our school had a school choir contest today. Everyone in my class practiced very hard for a month.

I was so nervous before our turn. "Hic!" I started to have the hiccups. "I have an idea," Lisa said. "Hold your breath and count to ten." Amy said, "Here is warm water. Hold your nose and drink it." My friends tried to help me in many ways. However, nothing worked.

"BOO!" Tony frightened me behind my back. I was so surprised, and fortunately my hiccups stopped. At last, we sang in beautiful harmony on the stage.

18. How long did my class practice for the school choir contest?
- ☐ a for a week                      ☐ b for a month                      ☐ c for two months
19. How did I feel before our turn?
- ☐ a proud                      ☐ b excited                      ☐ c nervous
20. Who frightened me to stop my hiccups?
- ☐ a Lisa                      ☐ b Amy                      ☐ c Tony
