My mom always uses (two huge bags / a shopping cart) at the supermarket.

6.

Dad puts (two cups of water / one spoon of sugar) in his coffee.

7.

Mom and I (go to the supermarket / save money) to buy it.

Read and answer the questions.

I turn on the TV to watch my favorite animation. A commercial is just coming on. "Vita-Orange Pop, new juice for children. It has various flavors: apple, strawberry, grape, and orange. It has a lot of vitamin C in it. It has no sugar. But it's really sweet and fresh. Yummy! Drink Vita-Orange Pop. Give your children a healthy future."

My mouth waters while watching the TV commercial. I can't wait to drink the juice. So Mom and I go to the supermarket to buy it. Just then, there is a Vita-Orange Pop tasting event. We taste it. Wow! Great! We put some Vita-Orange Pop in the shopping cart.

8. What is the title?

- a Radio Commercials
- b Vita-Orange Pop
- c Shopping with Mom

9. Vita-Orange Pop has various flavors.

- a True
- b False

10. Vita-Orange Pop has some sugar.

- a True
- b False

(Stems grow / Ants live) above the ground.

6.

I (slowly take in / quickly pour) the water.

7.

The workers (fix the shelf / push the table) to the wall.

Read and answer the questions.

Plants have many different parts. The three main parts are roots, stems, and leaves. They have different jobs.

Roots grow under the ground. They fix the plant to the soil. They take in water from the soil. Many plants store food in their roots.

Stems grow above the ground. They help the plant stand upright. They carry water from the roots to the leaves.

Leaves grow on the stems and branches. They get energy from sunlight and make food for the plant. They also use air and water to make food.

Flowers, fruits, and seeds are also parts of plants. Each part helps the plant grow well.

8. What is the title?

- a What Lives on the Ground?
- b My Sister's Favorite Plant
- c The Body of a Plant

9. Roots grow above the ground.

- a True
- b False

10. Leaves get energy from sunlight and make food for the plant.

Farmers (feed and care / wash and look out) for their cows.

6.

Be careful when you (wash the cups / heat the pan).

7.

The factory has (a big machine / new desks).

Read and answer the questions.

Where does milk come from? Cows give us milk. How do we get the milk? There are several steps before we drink it.

Step 1 Farmers feed and care for their cows.

Step 2 They milk their cows.

Step 3 They put the milk into a large storage tank. The tank keeps the milk cool and fresh.

Step 4 They send the milk to a factory.

Step 5 The milk is tested for safety.

Step 6 The special machine heats the milk. This kills bad germs in the milk.

Step 7 The milk goes into cartons or bottles automatically.

Step 8 A truck driver delivers the milk to stores.

Finally you can buy milk and drink it.

8. What is the title?

- a Milk's Long Journey
- b Chocolate Flavored Milk
- c Cows and Horses

9. The special machine heats the milk, and this kills bad germs in the milk.

- a True
- b False

10. Farmers deliver the milk to stores.

- a True
- b False

Katie (watched a movie / searched for information) on the internet.

Read and answer the questions.

Katie and Tim have to write a report about a cactus. Katie searched for the information on the internet. Tim visited Mr. Homer's flower shop and asked about cactuses.

In the afternoon, they met to gather their findings. Katie said, "A cactus grows in the desert. It has spines instead of leaves. Its thick stem can store lots of water." Tim said, "Good work! I learned about how to grow a cactus. A cactus needs little water to grow. We must water it only when the soil dries out. Too much water can damage its roots. Katie said, "Excellent! Now let's write our report."

8. What is the title?

- a How to Search for Information on the Internet
- b A Visit to the Desert
- c A Report about a Cactus

9. Katie and Tim have to write a report about a tree.

- a True
- b False

10. A cactus needs little water to grow.

- a True
- b False

6.

Mom and I (paint the wall / decorate the Christmas tree) every year.

7.

I will wear a suit (with a tiara / with a bow tie).

Read and answer the questions.

My uncle is getting married tomorrow. All my family got together at my grandparents' house. My aunt flew to Korea to attend the wedding. She lives in France with her husband and two children.

After supper, we talked about our roles for the wedding. My little sister and I will be a flower girl and boy. I will wear a suit with a bow tie. My sister will wear a pink dress with a tiara.

My aunt will record the video. Mom will decorate the wedding hall with flowers. Dad will be a photographer. I'm so excited with my role in the wedding. I can't wait for tomorrow.

8. What is the title?

- a Cleaning My Grandparents' House
- b Buying a Suit
- c My Uncle's Wedding

9. All my family got together at my house.

- a True
- b False

10. My aunt will decorate the wedding hall with flowers.

All triangles have (three sides / two mountains) and three angles.

6.

These two apples have (different shapes / equal weight).

7.

The sweater is (in the basket / on the hanger).

Read and answer the questions.

Look at mountains, Christmas trees, radio towers, and pyramids. What do they have in common? They have a similar shape. The shape is a triangle.

A triangle is one of the basic shapes. All triangles have three sides and three angles. Some triangles have three equal sides. Other triangles have sides of different lengths. However, the sum of the three angles in a triangle is always 180 degrees.

Let's find more triangles around us. We can see a slice of pizza, a slice of cheese, a sandwich, a hanger, and a tent. The triangle, a musical instrument, is in the shape of a triangle too.

8. What is the title?

- a Triangles Are Everywhere
- b What Are Basic Shapes?
- c The Best Pizzeria in Our Town

9. The sum of the three angles in a triangle is sometimes over 180 degrees.

- a True
- b False

10. The triangle, a musical instrument, is in the shape of a triangle.

- a True
- b False

6.

This view of the (tall tower / beautiful lake) is great.

7.

We can find (liquid water / water vapor) in oceans, rivers, and lakes.

Read and answer the questions.

Water is everywhere on the earth. We can see different forms of water in different places. We can find water in the oceans, in the ice, and in the air.

Water has three forms: solid, liquid, and gas.

Solid water is frozen water. Ice, snow, and frost are solid water. We can see lots of solid water in the North Pole.

Water usually means liquid water. We can find liquid water in oceans, rivers, and lakes. You can also see it in raindrops.

The gas form of water is called water vapor. When water gets hot, it becomes vapor. We cannot see it, but it is always in the air.

8. What is the title?

- a We Cannot See Water Vapor
- b Water, Water, Everywhere!
- c I Want a Cup of Hot Cocoa!

9. Water has three forms: solid, liquid, and gas.

- a True
- b False

10. Ice, snow, and frost are water vapor.

Our school (is closed / had a school choir contest) today.

6.

My sister (practices the piano / waters the plant) every day.

7.

My aunt is (nervous about her test / happy for her new job).

Read and answer the questions.

Dear Diary,

Our school had a school choir contest today. Everyone in my class practiced very hard for a month. The contest took place in the main hall.

I was so nervous before our turn. "Hic!" I started to have the hiccups. "I have an idea," Lisa said. "Hold your breath and count to ten." Amy said, "Here is warm water. Hold your nose and drink it." My friends tried to help me in many ways. However, nothing worked.

"BOO!" Tony frightened me behind my back. I was so surprised, and fortunately my hiccups stopped. At last, we sang in beautiful harmony on the stage. It was the best performance.

8. What is the title?

- a Drinking Water Is Important
- b Surprise Birthday Party
- c Oops! Hiccups!

9. I was happy before our turn.

- a True
- b False

10. My hiccups stopped after I was surprised.

- a True
- b False

7.

The boy is measuring (his height /
the dog's weight).

Read and answer the questions.

I got a physical checkup last week.
The doctor checked my weight, height,
eyes, and ears. I had a blood test too.

Today I received my results at
school. I gained five kilograms in a year.
But I grew just a little taller. Only two
centimeters! I was very disappointed.

I asked my school nurse, "Ms. Davis,
how can I grow faster?" She said,
"Eating healthy food is very important.
Drink milk every day. Eat eggs, chicken,
spinach, carrots, and soybeans." I
said, "Eww.... I don't like spinach and
soybeans. But I will try!" She added,
"You should also get enough sleep and
exercise. Okay?" I nodded my head.

8. What is the title?

- a) Getting Enough Sleep
- b) Eat Healthy! Be Healthy!
- c) Who's Tall in Class?

9. I was disappointed because I grew only
two centimeters in a year.

- a) True
- b) False

10. Ms. Davis said that eating eggs, chicken,
spinach, carrots, and soybeans is very
important.

A driver (throws away a banana peel / eats a banana).

6.

The cups have (the same dots / different straws).

7.

We should not (eat food here / leave trash behind).

Read and answer the questions.

Mount Everest is the highest mountain in the world. But it is called "the world's highest trash dump." Every year, many people climb Mount Everest. But some people throw away a lot of trash on the mountain. This trash includes tents, cans, plastic containers, and empty oxygen tanks. Much of the trash will stay in the ground forever.

Other famous mountains around the world have the same problem. We should not leave trash behind. We have to protect our environment. When we throw away trash, we make the earth sick. We must start now. And we can save our earth.

8. What is the title?

- a Too Much Trash on Mount Everest
- b The Earth and the Moon
- c Why We Should Recycle

9. Mount Everest is the highest mountain in the world.

- a True
- b False

10. Other famous mountains do not have a trash problem.

- a True
- b False

6.

This is my (brother's flashlight / dad's hammer).

7.

I am making a (bird-shaped cookie / dog-shaped shadow).

Read and answer the questions.

Light makes shadows. A shadow appears when an object blocks the light. When the sun moves during the day, shadows change their length.

In the early morning, the sun is low. The shadows are long. When the sun gets higher, the shadows get shorter. At noon, the sun is high up in the sky. The shadows are short. In the late afternoon, the sun goes down. Then the shadows get longer again.

Let's try an experiment. Shine a flashlight at a wall in a dark room. Move closer to the light. Then your shadow gets bigger. Move away from it. Then your shadow gets smaller.

8. What is the title?

- a Ten Shadows in My Room
- b The Fun Science Experiment
- c Light and Shadows

9. Shadows never change their length.

- a True
- b False

10. At noon, the sun is low in the sky.

- a True
- b False

7.

Many people visit our town to (enjoy the festival / study math).

Read and answer the questions.

I did a group project in art class. My art teacher said, "There is Red Tomato Festival in our town. Many people visit our town to enjoy the festival. Let's make posters for the event. All your posters will be on display during the festival."

I worked together with Paul and Mary. We prepared a piece of poster board, markers, and crayons. First, we thought about the title and the phrases for the poster. And we talked about its design. Next, we created a cute tomato character. After that, we drew a sketch and colored it. Finally, we completed our cool poster. It was a fun project.

8. What is the title?

- a Making a Poster
- b Red Tomato Pizza
- c My Best Friend, Paul

9. A few people visit our town to enjoy the festival.

- a True
- b False

10. I worked together with Paul and Mary.

There is a (huge lake / rocky mountain) in my town.

6.

The (Full Moon / Half Moon) is very round.

7.

Its surface has (many big holes / a lot of mountains).

Read and answer the questions.

The Moon is the Earth's only satellite. It is smaller than the Earth. It is a rocky and dusty place. Its surface has many big holes. There is no air and no wind on it.

The Moon orbits the Earth in about twenty-seven days. So it looks different every night. The Moon does not have its own light. The Sun gives light to the Moon. When the Moon is between the Earth and the Sun, we cannot see the Moon at all. This is called the New Moon. The New Moon grows bigger and bigger. It grows into the Half Moon and grows until the Full Moon.

8. What is the title?

- a To Travel in Space
- b Twenty-seven Days Later
- c The Moon

9. The Moon looks different every night.

- a True
- b False

10. When the Moon is between the Earth and the Sun, we cannot see the Moon at all.

7.

A (soccer team / large crowd) puts their hands up at the concert.

Read and answer the questions.

My sister is a rhythmic gymnast. She participated in a competition last Saturday. Mom and I went to the gymnastics stadium to cheer for her.

I said, "Mom, I'm nervous." Mom said, "Don't worry. She will do great."

The gymnasts perform to music using a ball, a hoop, a ribbon, a rope, or clubs. My sister really loves the ribbon.

It was time for the ribbon program. Finally she entered with a smile and waved to the crowd. She threw the ribbon in the air and caught it. She jumped high and twirled her ribbon at the same time. Her performance was fantastic! We were very proud of her.

8. What is the title?

- a Sports Day Is Fun!
- b Go! My Sister!
- c Olympic Games

9. Mom and I went to the gymnastics stadium to cheer for my sister.

- a True
- b False

10. The gymnasts perform to music using a baseball, a bat, a golf ball, or a net.

In the Swiss Alps, shepherds played it to communicate (under the ground / across mountain valleys).

Read and answer the questions.

Every country has its own musical instruments. Let's discover some of them.

An alphorn is the folk instrument in Switzerland. It is a very long wooden trumpet. In the Swiss Alps, shepherds played it to communicate across mountain valleys.

A bagpipe is the national instrument in Scotland. It is a wind instrument with a windbag and several pipes. A bagpipe player usually wears the traditional Scottish uniform.

A sitar is the most famous classical instrument of North India. It is a type of guitar. It has seven strings. Its strings are metal. It has a long and wide wooden neck. It is very often used in Indian film music.

8. What is the title?

- a Many Shepherds in the Swiss Alps
- b Unique Musical Instruments
- c Going to a Concert

9. A sitar has seven metal strings.

- a True
- b False

10. In the Swiss Alps, shepherds played alphorns to communicate across mountain valleys.

6.

Ostrich (eggs are enormous / feathers are long).

7.

He is having dinner with (his two children / his wife).

Read and answer the questions.

An old man planted some turnip seeds in the yard. He watered and cared for them.

One of his turnips grew bigger and bigger. It was enormous! He tried to pull it out, but it didn't move. He called his wife. They pulled together, but nothing happened. A boy came to the turnip to help. Again, it didn't move. They shouted to a girl playing by the tree. They pulled together. Nothing happened. The man's dog and cat came to help them.

All together, they pulled very hard. Heave ho, heave ho! *Pop!* Finally it came out. The old man cooked a nice turnip dinner. They all enjoyed it.

8. What is the title?

- a The Enormous Turnip
- b An Old Man and His Wife
- c Who Is the Turnip Thief?

9. The old man cooked a nice turnip dinner and enjoyed it alone.

- a True
- b False

10. All of his turnips grew bigger and bigger.

- a True
- b False
