Unit 1 Dictation **Answers**

I turn on the TV to watch my 1) favorite animation.

A 2) commercial is just coming on.

"Vita-Orange Pop, new juice for 3) children.

It has various 4) flavors: apple, strawberry, grape, and orange.

It has a lot of 5) vitamin C in it. It has no sugar.

But it's really sweet and 6) fresh.

Yummy! Drink Vita-Orange Pop.

Give your children a 7) healthy future."

My mouth 8) waters while watching the TV commercial.

I can't wait to drink the juice.

So Mom and I go to the supermarket to buy it.

Just then, there is a Vita-Orange Pop tasting event.

We 9) taste it. Wow! Great!

We put some Vita-Orange Pop in the 10) shopping cart.

Unit 2 Dictation **Answers**

1) Plants have many different parts.

The three main parts are roots, 2) stems, and leaves.

They have different jobs.

Roots grow under the ground.

They 3) fix the plant to the soil.

They 4) take in water from the soil.

Many plants store food in their roots.

Stems grow 5) above the ground.

They help the plant stand 6) upright.

They 7) carry water from the roots to the leaves.

Leaves grow on the stems and branches.

They get energy from 8) sunlight and make food for the plant.

They also use 9) air and water to make food.

Flowers, fruits, and 10) seeds are also parts of plants.

Each part helps the plant grow well.

Unit 9 Dictation **Answers**

I got a physical 1) checkup last week.

I checked my 2) weight, height, eyes, and ears.

I had a 3) blood test too.

Today I received my 4) results at school.

I gained five kilograms in a year.

But I grew just a little 5) taller. Only two centimeters!

I was very 6) disappointed.

I asked my school nurse. "Ms. Davis, how can I grow faster?"

She said, "Eating 7) healthy food is very important.

Drink milk every day.

Eat eggs, chicken, spinach, carrots, and 8) soybeans."

I said, "Eww.... I don't like spinach and soybeans.

But, I will try!"

She added, "You should also get 9) enough sleep and exercise.

Okay?"

I 10) nodded my head.
