

Class: _____ Name: _____

Score: ____ /15

[1-6] Read the passage again. Choose the correct words.

- 1 After that, put the (top / cap) on the bottle.
- 2 (Put / Pour) each drink into a glass.
- 3 (Remember / Brush) your teeth after you drink something.
- 4 Tornadoes are powerful (storms / bottles).
- 5 Next, add a few (space / drops) of dish soap to the water.
- 6 (Close / Turn) the bottle upside down.

[7-8] Go back to the passages. Complete the sentences.

- 7 Place an egg carefully into each glass.

→ _____ an egg carefully into each glass.

- 8 Tornadoes are very strong twisting winds.

→ Tornadoes are powerful _____.

[9-12] Read and choose True or False.

Grape juice and cola changed the egg color. But water did not. Both eggs and teeth are made from calcium. So the same can happen to your teeth!

Do you want to keep your teeth healthy and clean? Brush your teeth after you drink something.

- | | | |
|-----------|---|--------------|
| 9 | Grape juice did not change the egg color. | True / False |
| 10 | Water changed the egg color. | True / False |
| 11 | Teeth are made from calcium. | True / False |
| 12 | We should brush our teeth after drinking something. | True / False |

[13-15] Read and choose the correct answers.

First, open the plastic bottle. Fill it with water. But do not fill it to the top. Leave some space at the top.

Next, add a few drops of dish soap to the water.

After that, put the cap on the bottle. And close it tight.

Finally, hold the bottle carefully. Move it in circles for ten seconds.

- 13** Fill in with water but leave some _____ at the top.
- Ⓐ space
 - Ⓑ drops
- 14** What do you add to the water?
- Ⓐ the cap
 - Ⓑ a few drops of dish soap
- 15** What is true about the passage?
- Ⓐ Move the bottle in circles for ten seconds.
 - Ⓑ Move the bottle in circles for ten minutes.
