How to Use This Book

Each unit in *Vivid Reading with Fiction & Nonfiction Plus* includes eight parts plus additional review and consolidation activities in the workbook. These parts work together to lead students from visualizing the meaning of target vocabulary and thinking about the unit's topic to reading a passage and checking comprehension. After reading the passage and completing a comprehension check, students take on writing practice, review target vocabulary, practice sentence patterns related to the passages, and participate in listening comprehension and speaking activities. A summary of each section is presented here.

New Words

Lists key vocabulary along with illustrations that provide visual definitions for the words

Bonus Words

Presents words related to the unit's topic, giving students exposure to new words and interesting information

Warm Up

Includes a key question to stimulate students' interest in the passage or illustration

Reading

Ranges from original stories to informative passages with either full-color illustrations or six smaller full-color illustrations. An audio recording of each passage is provided online by a QR code.

Check It

Includes two comprehension activities. The first focuses on the main idea and details from the passage. The second activity summarizes the information from the passage through completion of a graphic organizer.

This section shows three parts of the workbook: 'Check It' with multiple-choice questions about cooking; 'Learn It' with a word bank and fill-in-the-blank exercises; and 'Say & Write It' with a listening and writing activity.

Learn It
